HOTEL & RESORT

Welcome to the Gracious Side of Diamond Head

Timeless Luxury

Your private oasis is just minutes away from the hustle and bustle of Waikiki. The Kahala has everything you could possibly wish for in a tropical beach resort, and much more.

The Gracious Side of Diamond Head
The Kahala Hotel & Resort is Hawaii's reigning luxury resort, set on a secluded beach, this legendary hideaway resort in Honolulu's plush Kahala district is a favorite with presidents, international royalty and celebrities. From the moment you arrive, you will know you are truly somewhere special.

Legendary Service
Indulge in five-star service and timeless Hawaiian hospitality at The Kahala. We offer a complete resort experience. From the family getaway to the digital nomad, our tropical beach resort is built to suit your needs.

Our History

In January 1964, the Kahala opened its doors on prime beachfront next to the famous Waialae Country Club private golf course. The rest is history, with five decades worth of illustrious guests, from royalty to heads of state and Hollywood stars.

Inspired by the great homes of the Hawaiian monarchy, with its elegant and grand residential feel, the hotel was designed by architects Edward Killingsworth,

Jules Brady and Waugh Smith. Formerly known as the Kahala Hilton, the resort cost \$12 million to build, and due to its secluded location, its potential as a celebrity hideaway quickly became known. The Kahala was soon firmly established as a destination for discerning world travelers.

Pearl Harbor

The Pearl Harbor National Memorial is a place of remembrance for the sacrifices of those who lost their lives and contemplation of the nature of war. Learn about the national, international, and personal histories of World War II and the December 7, 1941 attack on Oahu.

Hanauma Bay

Voted Best Beach in the United States in 2016, visitors can learn about reef conservation and the variety of species living in the bay. Hanauma Bay now offers a pristine marine ecosystem after the City and County of Honolulu's restoration efforts from years of use by millions of visitors. Today you can enjoy snorkeling and appreciate the beauty of Hanauma Bay.

Makapuu Lighthouse

The Makapuu Point trail, within Kaiwi State Scenic Shoreline, offers outstanding views of Oahu's southeastern coastline, including Koko Head and Koko Crater. From the trail's destination at Makapuu Head, one is rewarded with magnificent views of the windward coast and offshore islets. Built in 1909, the historic red-roofed Makapuu Lighthouse makes a stunning picture against the deep blue sea below (the lighthouse itself is off-limits).

On a clear day, you may even see Molokai and Lanai. The offshore islets are wildlife sanctuaries for Hawaiian seabirds, such as the iwa, frigate bird, and tropicbird. This trail is an excellent place to view migrating humpback whales in season (November - May).
